Insurance Skillnet

Insurance Literacy in the Digital Age

A practical introduction to the insurance sector for the digital age

Gain a clear, practical understanding of how the insurance sector works in Ireland – and how digitalisation, AI, regulation and sustainability are shaping its future.

This interactive workshop provides the essential knowledge you need, whether you are new to the sector or working alongside it.

What will you learn?

- How the insurance ecosystem and market cycle operate
- The role of key industry and professional bodies and the Central Bank of Ireland
- How insurance helps manage risk and supports society
- The impact of digitalisation, AI and emerging technologies
- Key regulatory, ethical and sustainability considerations
